

Tanya:

Thanks for your message. All El Paso wants to put in the LC form is language that states that the original LC will accompany any draw that is made for endorsement of the drawing amount and that it will be returned to the Beneficiary unless it is fully drawn upon.

I don't see any problem with this and while it may be unnecessary, if it makes them feel better to have it, i would like to keep it in. Are you okay with this?

Carol
