

Folks let's review the facts and get an answer to the customer.

- 1- In July of 1999, we sent a draft ISDA to NSPI (10MM Line because their excellent credit)
- 2- In October 1999, NSPI sent comments back-- No one from Enron ever responded.
- 3- In July 2000 I sold NSPI q1-01 and q4-01 weather put
- 4- On February 13th, 2001 I sent an email to Brant Reves, T Jones and [REDACTED]; asking that an updated ISDA be sent to the customer as they had undergone a name change and we wanted the ISDA to cover weather deals. (a copy is attached)
- 5- The customer is still without a document and their letter of October 1999 remains unanswered.
- 6- Can we please get this issue resolved.

Subject: ISDA for Nova Scotia Power

Tana and Brant:

We sent an ISDA to NSPI (Nova Scotia Power Inc) on July 28, 1999. The CP would like to get an updated copy in order to have an agreement in place. We have done some financial deals (2 weather puts). I believe they are also an active counterparty with us in coal (physical).

Can you please send an updated agreement to

Don Keith

Subject: NSPI - ISDA

Jen,

An update with regards to the Nova Scotia Power ISDA. After several days of trying to hunt down Brant Reves he referred me to Rudwell Johnson in Credit. He in turn sent me back to Tana Jones because there is an ISDA issued and you don't have to renew it if it is already in place. I go back to Tana Jones to see if the ISDA sent to Nova Scotia in July 1999 included Weather Derivatives. Tana Jones referred me back to Sara Shackleton. I left a voice mail with Sara this afternoon. Through this process I found out that the ISDA sent to NSPI in July 1999 was never executed and we need to execute it before we can do any deals with them. I was under the impression that we already have been doing deals with them.
