

Absolutely - Clara should have been included. I asked for a list of managers and above within EGM from Chantelle, and used that for the distribution list. Her list omitted Clara. All lists that I requested from EGM, ENA and EIM were to have also included those being promoted to manager as a result of our year-end PRC process. I don't think that I got consistent info from everyone, so I am rechecking names right now and will send Clara a message about the meeting as I also clean up any others that were left off of lists. Thanks for catching this. --Sally

Subject: January 11 - Managing Operational Risk

Please join me on Thursday, January 11 from 1:00 to 4:00 pm for a special information session for the Operations Management teams supporting Enron Americas, Enron Global Markets and Enron Industrial Markets. We will focus on assessing, managing and mitigating operational risk. Details on the location for the meeting will be sent to you early next week.

I look forward to seeing everyone at this meeting on the 11th. The things that we will discuss will be important for each and every one of you as you carry out your roles in 2001. I hope that you will make every effort to attend. Please let me know as soon as possible if you have a conflict that will keep you from attending the meeting.
