no, that's wrong. you just kept saying one rude thing after another which bothered me. it doesn't matter. the point is that it should not be so difficult for you to not be rude.

only one thing i said was rude, which i apologized for, and you wouldn't let it die. most of the stuff was started by you. you were just venting frustration you weren't able to communicate when you're sober.

i only rolled back over once. i said i was sorry for saying i wished you were dead, i was just kidding, and i wouldn't have to vent for so long if you wouldn't give me reasons to. some of the things you said last night were pretty rude.

you kept rolling back over and laying into me. you are the one who said you wished i was dead. you went crazy. you were pissed all night. you were venting on a soap box for about 2 hours.

you were letting me have it. i deserved some of it b/c i made some bad jokes, but overall you were pretty brutal. i think i am heading to baton rouge for the game this weekend instead of partying for halloween.
