

I've taken the liberty of drafting a form of extension letter to extend the ILA until June 15.

I suspect Reagan will be distributing to the commercial folks, but I thought I would give you a heads up.

David, I'm at work on revising the longer term doc. If you have your preamble stuff ready, I'm happy to put it in now.

Thanks,

Kay

PS The salutation is to "Gentlemen". Are the members of the commission and MDEA all men? I don't want to commit a blunder.
