[IMAGE] [IMAGE] Market Outlook Dow +33, Nasdaq -3, S?+1.59: As Of: Oct 17 2001 11:30AM ET
Although volume is continuing at a solid pace, the market averages have changed relatively little
over the last hour or so as the Dow holds a modest gain while the Nasdaq Composite drifts near
unchanged. Biggest drags on the Nasdaq this morning are semiconductor and biotech. The
Greenspan testimony is still going on but his comments have focused on working through of
uncertainties as the system absorbs the shocks; sees weak pace of business investment as the
most in need of stimulus but must remain wary of the impact that this would have on long term rates.
Market internals are now slightly favorable in terms of the A/D line, up/down volume and the new
high/low ratios... MORE [IMAGE] - - - - MORE Breaking News [IMAGE] [IMAGE] [IMAGE] [IMAGE]
