From: Rick Causey, Enron CAO

Cassandra Schultz, Enron APACHI CAO

CC: Scott Gilchrist, Enron APACHI Human Resources

Carol Howes, Enron APACHI Accounting

Date: 04/07/00

Re: Financial Controller Job Opportunity

We have an exciting job opportunity for a qualified individual with relevant Enron experience. Enron APACHI is opening a trading office in Tokyo, Japan, and we urgently need a Financial Controller to fill an expat assignment in Tokyo to ensure Enron accounting processes and procedures and internal controls are properly implemented. The term of the expat assignment is negotiable and will depend on the candidate█,s situation and qualifications as we evaluate the skill sets of personnel that will be filling risk management and other positions. We believe the candidate should be at least a Director given the responsibilities he/she will be handling, and in fact Vice Presidents have been pursued to date; but it is possible qualified Managers may also be considered depending upon the skill sets staffing complementary positions. This is a high profile position requiring significant daily interaction with regional top management and with Enron trading/risk management in Houston, and this position will be the top accounting and administrative person in the Tokyo trading office.

Japan has captured the interest of our top management as its power markets are deregulating, and we have communicated the opportunities for Enron in Japan to our analysts, as it is one of our top focus areas for growth of our merchant businesses internationally. Active deregulation is underway with the initial opening of the market just occurring in March 2000. Japan█,s industrial power prices are the highest in the world so there is a market consensus for continued energy reform - - Japan is potentially one of the largest markets outside of North America.

Please see the attached job description. If you are interested in being considered for this position, we would like to talk with you as soon as possible as our office set-up in Tokyo has already commenced. Please contact Scott Gilchrist, head of APACHI Human Resources, at 713 646 7081, or scott.gilchrist@enron.com. I am out on maternity leave, but will also be happy to talk with you about the opportunity, so feel free to call me at home at 409 321 2185, or you can call Carol Howes at 713 646 7133.
