

Hi Jon

Just read your message. Sounds like you are going to be very busy for the next while. Your house will probably sell very fast as it is in a great area and it is a nice place.

You can just sell the cabinets of mine if you want. I don't have room for them and neither does your mum or if you want just take them with you if you want them. I just dropped a note to your mum to ask her to keep the mirror for me as she has the table and I am sure she will keep the Daultons if you do not want to take them with you. I know you may not as they are a pain in the but to haul around with you.

If you talk to Steve and he wants the TV cabinte he is welcome to have it, but if he can not use it again just sell it when you start selling off your stuff.

My new phone is (867) 456-2154. I am going away tomorrow morning and will be gone until Sunday evening. Ron's mum is here and I am taking her on a little tour.

Anyway we can talk about this more next week if that is ok with you. Drop me a note and let me know.

Lots of Love

Donna
