

Thanks Sally. Based on Rick's response, I can arrange to add additional names for you to provide feedback. I will also leave Rick a voice mail...

Subject: Internal Feedback for PRC

I have completed internal feedback forms through the PEP system for Brent Price, Bob Hall and Peggy Hedstrom. Those appeared to be the only names that you included for which you wanted my input. Somehow, from Andrea's voice mail message last week, I had anticipated responding to more requests - I thought perhaps input in working with Wes within ENA or Melissa on SAP. Those weren't on my list within the PEP system, so I just wanted you to know that I have responded to the three that were there. If there was intent for me to respond to any others, they weren't accessible in the system. (Believe me, I am not asking for more - just wanted to be sure that what I saw in PEP as a request matched your expectations in terms of my response). --Sally
