Dirk--

We're planning a conf call to go over the letter tomorrow at 10:30am CA time. I will be in Phoenix but I can dial in. Rob Cone is setting up the meeting. After we get everyone's input we can send the letter out this week. I'll be in San Antonio from Weds through Fri but available by phone and email.

Andy, I made a few changes. We'll still need dates and comments from Rob. Your changes and edits are tremendous. Is it almost ready to go out? Dirk
