

I have made some changes in the attached draft. I do not think there should be another entry relative to the data room or divestiture, as it would certainly put a damper on the celebration. Brian, I am sure that will be a topic of potential discussion, one that you need to be prepared to address.

Good Morning - As you're aware, we will be producing a souvenir booklet on HPL for the anniversary party and I want to include another entry under 2000 that indicates the start of a new era since HPL has a data room open.? I would appreciate your thoughts on how to word that.? Thanks, Elaine
