

Gary, I am circulating the protocol for internal review and will get back to you shortly on both the protocol and our participation in this working group. Thank you.

Subject: eCommerce Working Group

Dear Mr. Williams,

?

This is a follow-up to the October 5 meeting on the AAA's eCommerce Dispute Management Protocol. One of the most exciting aspects of that meeting was the enthusiasm for the systems and services we are developing to support the Protocol. We are now at the stage in which we need to get direct feedback from potential users, and I am putting together a working group to look at several aspects of our efforts, including:

?

??? - The mechanics and timelines of the services

??? - The qualifications of arbitrators and mediators

??? - Integration and data transfer issues

??? - Dispute tracking events

??? - Incorporating adjunct services to offer a complete dispute management process

?

At the meeting you expressed interest and support for our proposed services and how they might benefit Enron. Enron's involvement in developing and refining our services would be invaluable to us, and if there is someone at Enron who could participate in our efforts, please let me know. Alternatively, you can simply forward this message to them and they could get in touch with me.

?

Should you have any questions, you can reach me by e-mail (gstrathmann@mediaone.net) or telephone (978-376-9004).

?

Thank you.
